Argentina & Chile  
Travel & Experiences

# WHO WE ARE

We People Travel & Experiences in Argentina and Chile is an incoming travel company, based in Buenos Aires, Argentina.

We specialize in customized tours for independent travelers or small group tours. We work with our partner travel agencies, running the trip under their own brand.

# WHY CHOOSE WE PEOPLE

## 1. Do you want to operate trips under your own brand?

We can operate the trips under your own brand just by sending us the logo of your travel agency. Our We People logo will not be shown to your customers at any time. We are your local representative.

## 2. We are locals

We are passionate about sharing the best that Argentina and Chile have to offer. We have travelled each destination: Iguazu Waterfalls, Argentina and Chilean Patagonia, Perito Moreno Glacier, El Chalten and Fitz Roy Mount, Torres del Paine National Park, Bariloche and its lake region, Aysen region, Salta in the north of Argentina combined with the crossing into Atacama Desert and Uyuni Salt desert in Bolivia, and more.

### 3. Responsible Prices and levels of service.

We work with independents hotels and local partners in order to get the most convenience prices while helping the local economies.

We offer different levels of service, depending on customer preferences: regular or private services, standard or luxury hotels, or even camping inside some national parks. The experiences we offer go from a trek in a natural area or a shopping tour in a modern city.

#### 4. Sustainable Practices

We are constantly educating ourselves and we are committed to good practice minimizing, as much as possible, environment impacts, respecting the regulations of each national park and natural area of each corner in Argentina and Chile.

We are also committed to helping local communities while respecting their culture and their values.

## 5. Satisfaction

We know we are located in a very remote area in the globe and we understand that coming to Argentina and Chile is a trip planned for a long time, in most cases. We want the best experience for our clients and client's passengers, committing ourselves to work together in the entire process of the trip, from the quotation to the passenger return home, providing local support throughout the experience.
